

Please keep K-LOVE on the air! In this secular world with crap playing on most FM stations, K-LOVE is a life line. I listen to K-Love in San Diego at 100.1 daily, not only for the wonderful Christian music, but the news updates, local Christian events, and the Bible verses. It's uplifting and fills a need in my life. In San Diego, it's the only Christian radio station. I don't have to worry that my children are listening because I know that everything they hear is safe. I definitely cannot say that about any other FM station in San Diego. You don't know what a DJ is going to say. Please, please...K-LOVE is a vital necessity!!
